

### PHE 510 Mitigation Mini-Case Analysis Guidelines and Rubric

**Prompt:** Choose an example pathogen that can be transmitted by more than one source (waterborne, foodborne, vector-borne, airborne).

- Outline the **specific strategies** for preventing and controlling the pathogen based on the source of infection.
- Compare the **mitigation strategies** for the different pathogen sources.

**Guidelines for Submission:** Submit assignment as a Word document with double spacing, 12-point Times New Roman font, and one-inch margins. Your paper must be 1–2-pages with at least three sources cited in APA format.

Critical Elements	Exemplary (100%)	Proficient (90%)	Needs Improvement (70%)	Not Evident (0%)	Value
<b>Strategies for Preventing and Controlling the Pathogen</b>	Meets “Proficient” and suggested strategies are well-supported with examples and relevant resources	Outlines appropriate and specific strategies for preventing and controlling the pathogen based on the source of infection	Outlines inappropriate or incomplete strategies for preventing and controlling the pathogen based on the source of infection	Does not accurately outline strategies for preventing and controlling the pathogen based on the source of infection	45
<b>Mitigation Strategies for the Different Pathogen Sources</b>	Meets “Proficient” and comparison is exceptionally insightful	Compares the differences in mitigation strategies for the different pathogen sources	Briefly or incompletely compares the differences in mitigation strategies for the different pathogen sources	Does not compare the differences in mitigation strategies for the different pathogen sources	45
<b>Articulation of Response</b>	Submission is free of errors related to citations, grammar, spelling, syntax, and organization and is presented in a professional and easy-to-read format	Submission has no major errors related to citations, grammar, spelling, syntax, or organization	Submission has major errors related to citations, grammar, spelling, syntax, or organization that negatively impact readability and articulation of main ideas	Submission has critical errors related to citations, grammar, spelling, syntax, or organization that prevent understanding of ideas	10
<b>Total</b>					<b>100%</b>
