

### IT 600 Final Project Milestone Two Guidelines and Rubric

**Overview:** For this milestone, you will create an analytical organizational profile. The goal is to map each of the general-purpose operating system features identified in the Milestone Two template to your analysis of what the feature is, why it is important, and what business-related problem such a general purpose operating system feature would create if not present in a typical small-to-medium-sized business back office.

**Prompt:** Using the [Milestone Two Template document](#), or using the *Profile Criteria* field as sections headers to create a paper, create an analytical organizational profile that includes these critical elements:

- A description of each GPOS Feature in the template using relevant technical terms and topic-related details
- A description in business terms of how the absence of this GPOS feature impacts a business such as TSI

**Guidelines for Submission:** Complete the *Student Analysis* fields in the Module Three Milestone Two Template document.

Critical Elements	Proficient (100%)	Needs Improvement (70%)	Not Evident (0%)	Value
<b>Technical Description of Each GPOS Feature</b>	The description of each GPOS Feature is described using relevant technical terms and topic-related detail	The description of each GPOS Feature is not described using relevant technical terms and topic-related details	The description is not evident or does not include all GPOS features	45
<b>Business Analysis of Each GPOS Feature</b>	The business analysis of each GPOS feature describes in business terms how the absence of this GPOS feature impacts a business such as TSI	The business analysis of each GPOS feature does not describe in business terms how the absence of this GPOS feature impacts a business such as TSI	The analysis is not evident or does not include all GPOS features	45
<b>Format</b>	Completed template or paper meets submission guidelines	Completed template or paper partially meets submission guidelines	Completed template or paper does not meet submission guidelines	10
<b>Earned Total</b>				<b>100%</b>
