

SUGGESTED ePORTFOLIO ARTIFACTS FOR BSN PROGRAM

RN-BSN ePortfolio: Guidelines and Suggested Artifacts

Throughout the program, you will build and add to your ePortfolio. The ePortfolio is a medium to showcase your professional and academic achievements. You will find information about building an ePortfolio, adding documents, and sharing the ePortfolio within your courses. When you build your ePortfolio, there will be approximately six pages. Below is a list of the pages needed for your final ePortfolio (completed in NUR 490).

- Page One: **Welcome** (Photo and Introduction; started in NUR 300)
- Page Two: **Philosophy of Nursing** (completed in NUR 490)
- Page Three: **Capstone Projects** (Change Proposal; completed in NUR 490)
- Page Four: **Professional Development** (Mission Statement, Resume, Certifications)
- Page Five: **Program Outcomes (6) and Artifacts** (completed in NUR 490; Artifacts and Documents added throughout the program)
- Page Six: **Transformative Reflection** (completed in NUR 490)

You will create your ePortfolio during NUR 300. Consider also developing the Program Outcomes page early in the program. The list of the six program outcomes can be added right to the page. See the list of outcomes below.

RN-BSN Program Outcomes

- **PO1:** Apply skills in using patient care technologies, information systems, and clinical decision support tools to promote safe nursing practice and quality patient outcomes
- **PO2:** Utilize evidence-based practice in planning, implementing, and evaluating outcomes of care
- **PO3:** Formulate strategies to promote health and prevent disease in individuals and populations across the life span
- **PO4:** Implement patient safety and quality initiatives within the complex clinical microsystem using leadership and communication skills
- **PO5:** Analyze trends in healthcare policy, finance, and regulatory environments and their implications for healthcare access, equity, and affordability
- **PO6:** Evaluate lifelong learning and nursing engagement to promote personal and professional transformation

As you progress through the program, you can add documents from your courses into the specific outcomes or pages. You may want to save copies of your coursework to an external drive so that you do not lose them. The final ePortfolio is to be completed during your capstone experience. If you upload documents as you go along, you will save time during your capstone course. You will have the opportunity in your capstone course to organize your final ePortfolio and decide which documents you want where. Below is a table of suggested documents for you to add for each of your courses. Potential alignment to program outcomes are suggested as well. When you upload your documents, you can organize them according to the program outcome. See the chart beginning on the next page.

SUGGESTED ePORTFOLIO ARTIFACTS FOR BSN PROGRAM

COURSE NUMBER	COURSE NAME	ePORTFOLIO PAGE	COURSE ACTIVITIES/ASSIGNMENTS (PROGRAM OUTCOMES: PO)
NUR 300	Scholarly Inquiry		Create ePortfolio (PO 6) Create Pages <ul style="list-style-type: none"> • Welcome • Philosophy of Nursing • Capstone Projects • Professional Development • Program Outcomes and Artifacts • Transformative Reflection
		Welcome	Insert Introduction and Photo
		Professional Development	Insert Resume/CV
		Program Outcomes and Artifacts	Final Project: Nursing Issue Formal Paper (PO 5)
NUR 305	Information Management and Patient Care Technologies	Program Outcomes and Artifacts	Final Project: Patient Safety Presentation (PO 1)
		Program Outcomes and Artifacts	Poster Presentation: Improving Nursing Practice Outcomes (PO 1)
NUR 315	Pathophysiology for Nurses	Program Outcomes and Artifacts	Final Project: Pathophysiology Case Analysis (PO 1, 2)
NUR 325	Patient Assessment and Health Literacy	Program Outcomes and Artifacts	Health Promotion Journal (PO 2, 3)
		Program Outcomes and Artifacts	Final Project Part II: Patient Analysis and Health Promotion Teaching Tool (PO 2, 3)
NUR 350	Community and Population Health	Program Outcomes and Artifacts	Health Education Activity Planner and Log (PO 2, 3)
		Program Outcomes and Artifacts	Health Education Activity Final Product (poster, handout, brochure, PPT, video, etc.) (PO 2, 3)
		Program Outcomes and Artifacts	Final Project: Community Assessment (PO 3)

SUGGESTED ePORTFOLIO ARTIFACTS FOR BSN PROGRAM

COURSE NUMBER	COURSE NAME	ePORTFOLIO PAGE	COURSE ACTIVITIES/ASSIGNMENTS (PROGRAM OUTCOMES: PO)
NUR 400	Systems Leadership for Continuous Quality Improvement	Program Outcomes and Artifacts	Leadership Interview Reflection and Executive Summary
		Program Outcomes and Artifacts	Final Project: Quality Improvement Initiative Presentation (PO 1, 5)
